

# Happy New Year 2004 from the Flourtown Davidson's (Pam and Rob)

2003 was a Great Year for family. Kent, Shannon, and Sylvan moved to Pennsylvania (Christmas gift 2002) in the spring. They settled in an apartment in Narberth and Kent rented office space nearby. This means we are able to see Kent and growing<sup>1</sup> family on a regular basis. Ryan flew home for July 4<sup>th</sup> and we hosted our annual picnic. Ryan is working on his

Colorado plumbers' license and free lancing it (sometimes with his contractor brother Eric).

We were ecstatic in August to have Kristen (married to Eric) bring granddaughters Eva and Autumn to stay with us for 10 days. We now know why children are raised by younger folks. We had (Pam especially) a great time visiting the Morris Arboretum,

Academy of Natural Sciences, Please Touch Museum, and various playgrounds and parks. Andrew (our old faithful), still in Philadelphia, hasn't missed a family gathering for the past ten years. He maintains our web site at [www.4suns.com](http://www.4suns.com) where you can see pictures of Sylvan's second birthday, the "family tree" for Nana's (Pam's mother) 95<sup>th</sup> birthday in October, and our annual Thanksgiving at my brothers house in

Princeton (and much, much more!!!). My long term contract with the cider company ended in the fall forcing me to revive my consulting business. I am continuing my theological studies at the Lutheran Seminary in Philadelphia and doing my Verger duties at our church, St. Thomas', Whitemarsh. Pam had a good year with school and family photography and has gone totally digital (no more film).

Through the encouragement of her friend Diane, Pam has completed many beautiful craft projects (quilts for the grandchildren, sweaters, socks and hats).

***We wish blessings, grace and peace to all  
in the New Year.***
